

CIRCULAR LEAD SUBSTITUTE

Lead replacement for multiple applications

Leadax Original

ROOFMART
IRELAND

The world's most sustainable lead replacement with the look and feel of traditional lead, without any of the negatives.

Leadax Original has no harmful effects on people's health and the environment.

Leadax Original is a circular lead substitute, made from recycled polyvinyl butyral (PVB). PVB is the safety film used in laminated glass such as car windows. Unlike traditional waterproofing materials, Leadax Original is not a heavy metal. Therefore, our products have no harmful effects on your health or the environment.

After the expected lifetime of at least 30 years, the product is recycled. The raw materials are reused to make new products.

Easy to apply

Lightweight

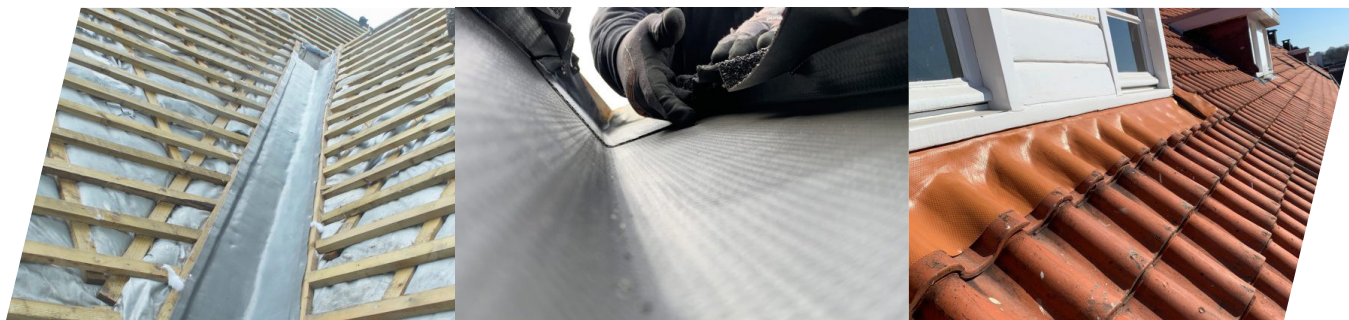

Extremely strong

Circular

Non-toxic

Application

Leadax Original can be applied in roll lengths of six meter without needing an overlap.

Always make sure the surface is dry and free of grease and dust before applying

Use your hands to preform Leadax Original and a lead dresser or roller to mould it into place

Leadax Original is suitable with all types of roofing materials (EPDM, bitumen, plastics and metals). On these materials, only use Leadax high-tack sealant for fixation (no hot air).

Successfully apply Leadax Original

Suitable for various types of applications such as chimneys, dormers and as a valley. You can use Leadax Original on all applications where you use lead code 18. On flat roofs we do recommend sealing the edges and seams with Leadax high-tack sealant.

Common applications

- ✓ Leadax Original can be used as a water barrier in (cavity) walls and under casings.
- ✓ At the intersection between chimney bases and roof tiles.
- ✓ At chimney flashings to provide a water barrier.
- ✓ Leadax Original can be applied to the base of dormers and skylights as a waterproofing layer.
- ✓ As a watertight connection between an outside wall and an extension. Use Leadax masonry clips to attach Leadax Original to masonry joints.
- ✓ Leadax Original can be used as valley gutters and waterproofing on the ridges of (tiled) roofs.
